

Dear Parents;

Summer vacation is often a highlight of a child's school year. Like many working parents, the need for a safe, nurturing environment is important. At Twin City Christian Early Education Center we understand what a parent is looking for in quality care as well as what a child is looking for in summer vacation!

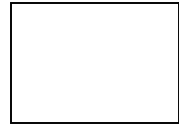

We provide an exciting program that is centered on God for students who are in K-4 through 6th grade.

We invite you to have your child join us for the summer. Come one day or come all! Don't forget to tell your friends too!
